Massage Therapy

Massage techniques are designed to improve your circulation, soothe your muscles and make you feel more relaxed. Massage uses softer strokes on the bonier and more delicate parts of the body, and stronger strokes where there is thicker muscle coverage. This adjustment of pressure makes it an ideal massage for relaxation. Besides the calming benefits, massage is excellent for:

- Easing muscular strain by flushing out toxins
- Improving circulation by increasing oxygen flow in the blood
- Helping to keep ligaments and tendons supple
- Reducing emotional and physical stress.

Full Body Massage 1h £45
A Swedish body massage is the perfect way for anyone who is overly worked and stressed out to relax their body and mind. By relieving muscle tension, Swedish therapy can be both relaxing and energizing. And it may even help after an injury.
